授業目的

OVERVIEW & OBJECTIVES

Along with Reading 3 and Media English 3, Int' l Business Eng. 3A is a core course in the Intensive English Program. This course is for those students looking for useful techniques for TOEIC and other English language tests. Needless to say, students have to become able to study individually, not just in the classroom, in order to prepare for TOEIC test/Tourism English Proficiency Test/STEP (EIKEN). To that end, students are expected to develop reading, listening, and speaking skills, as well as learn how to do so out of class.

This course also includes "Self-directed Learning" as a supplement to classroom learning. Through the course carried out as part of this class, students also acquire the ability to take responsibility for their own studies. This experience in the course helps them become proactive and autonomous language learners who are capable of effectively learning the foreign languages they choose as part of basic education.
